

IX Meeting of A.A. Nikolsky Herpetological Society (International Conference)

First Announcement

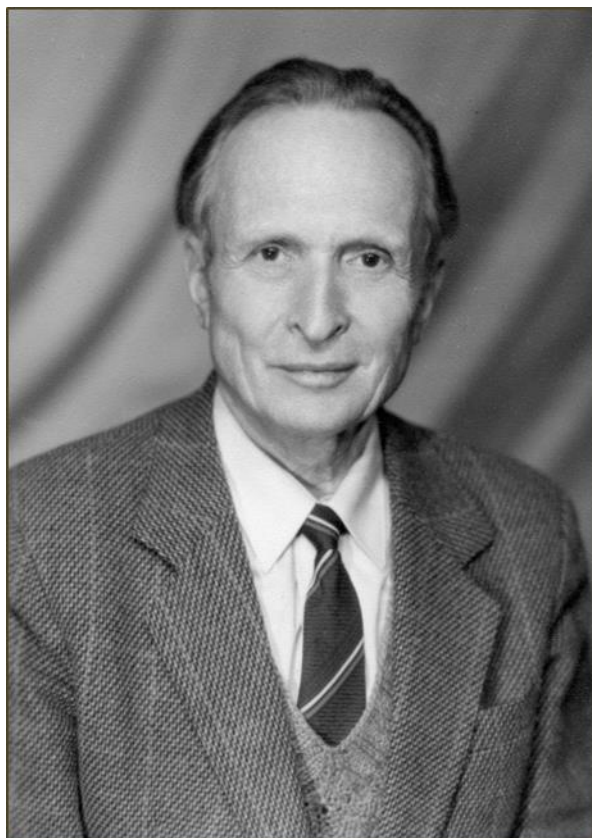

Dear colleagues!

A.M. Nikolsky Herpetological Society will hold a triennial Meeting at the Tsiolkovsky Kaluga State University from October 7 – 12, 2024. The conference program will include plenary lectures, oral and poster presentations, as well as workshops on various problems of herpetology. The conference is planned to consider different approaches to the study of systematics and evolutionary biology, ecology and ethology, distribution and biogeography, morphology and paleontology, zoo-culture, and research history of amphibians and reptiles.

Conference languages: Russian and English.

No Registration Fee.

1 June 2024 – last day for registration.

**IX Herpetological Meeting is dedicated to 100th anniversary
of the birth of Ilya Sergeevich Darevsky (1924-2009),
the first president of the Nikolsky Herpetological Society
and 300th anniversary of the Russian Academy of Sciences**
